

21 Which reactions will give a product mixture that rotates plane polarised light?

- 1 1-bromohexane heated with alcoholic NaCN
- 2 3-bromo-3-methylhexane heated with aqueous NaOH
- 3 Butanone reacted with HCN, trace amount of NaOH
- 4 Cyclohexene with Br₂ in CCl₄

A 4 only

B 1 and 3 only

C 2 and 3 only

D None of the above
