

- 10** Magnesium(I) chloride, MgCl , does not exist as a stable compound but its lattice energy can be estimated.

What is the predicted order of increasing magnitude of lattice energy of MgCl , MgCl_2 and SrCl_2 ?

- A** MgCl , MgCl_2 , SrCl_2
- B** MgCl , SrCl_2 , MgCl_2
- C** MgCl_2 , SrCl_2 , MgCl
- D** SrCl_2 , MgCl , MgCl_2
