

- 22 Compound **Z** is responsible for the pleasant aroma of apples. It can be prepared from phenol by the following 3-step synthesis.

Which row shows the correct information?

	reagent used in step 1	type of reaction occurring in step 2	reagent used in step 3
A	$(\text{CH}_3)_3\text{CCl}$	oxidation	CH_3COCl
B	$(\text{CH}_3)_3\text{CCl}$	reduction	CH_3COOH
C	$(\text{CH}_3)_3\text{COH}$	oxidation	CH_3COCl
D	$(\text{CH}_3)_3\text{COH}$	reduction	CH_3COOH
