

8 Which statements about BF_3 and NF_3 are correct?

- 1 The shape of BF_3 is trigonal planar while that of NF_3 is trigonal pyramidal.
- 2 Both BF_3 and NF_3 are polar molecules.
- 3 BF_3 can act as a Lewis acid because the boron atom has empty low-lying orbitals.

A 1 and 2

B 2 and 3

C 1 and 3

D 1, 2 and 3
